

ONE-DAY ASSESSMENT. COMMITMENT FREE.

Imagine getting a validated plan to deploy your project from a Fortune 500 consultant—**before you hire them.**

HOW IT WORKS

ONE-DAY.

All it takes is one day of your time. Get experts in a room with your stakeholders without having to go through the red-tape of approving a new vendor (a \$10,000 value).

EXPERT ADVICE.

We'll send our team of experienced technical architects, engineers, project managers, and UX designers for a **one-day assessment** where we'll deep-dive into your problem, business goals, technical dependencies, and desired outcome.

SOLUTION HYPOTHESIS.

Gain confidence in a plan to deploy your project (MVP) and validate your vision with a third-party—completely commitment-free, no contract required. You can even take your hypothesis to another consulting agency if you want.

AGENDA & DELIVERABLE

We want to make you a hero by providing agile, inventive, and purposeful answers to the problems your business faces. Our team offers a full suite of capabilities that rival the largest firms in the world, without the added costs and extended timelines. Here's what you'll get from a one-day assessment engagement with us:

DEFINE YOUR PROBLEM

- What are you trying to accomplish?
- Why do you need to change your current workflow?
- What will success look like?
- Are all stakeholders on the same page?

DEPENDENCIES & RISKS

- Review current state architecture.
- Inventory your technology stack, standards, and hosting information.
- Audit all possible data sources and shared enterprise components.
- List UI/UX standards and any browser technologies in place.

SOLUTION HYPOTHESIS (7 DAYS LATER)

- Defined statement of what you are trying to accomplish and how it fits into your business goals.
- Future state architecture, systems and network design, data integration, modeling, and API design.
- Action plan outline of how to accomplish your project on-time and on-budget.

*This offer has a \$10,000 value and will be offered free-of-charge to those who meet our pre-qualification criteria.**

GIVE US **SIX HOURS** TO SHOW YOU WHY YOU'LL **NEVER WORK WITH THE BIG FOUR AGAIN.**
